# SERVICES

**Central Ozarks Medical Center**

Your Health is Our Mission

Pediatricians focus on the physical, emotional, and social health of infants, children, adolescents, and young adults up to age 21. Because they work with so many aspects of children's health, they're highly trained in assessing, detecting, preventing, and managing issues that affect children.

## What We Offer

- Well-baby and child checkups
- Administer immunizations and vaccinations.
- Medication and therapy management.
- Treat acute illnesses, infections, or injuries
- Pediatric diseases and disorders such as anemia, asthma, & diabetes.

Central Ozarks Medical Center has been providing quality health care in Central Missouri since 1979. We serve the counties of Camden, Laclede, Miller, Morgan, and Pulaski.

# Autism Friendly Business

The Thompson Center's Autism Friendly Business provides training to businesses so that all families can feel welcomed and supported in our community. Businesses who are designated as Autism Friendly are leaders in inclusiveness who have made a commitment to foster a community of inclusion where customers feel accepted.

We accept Medicare, all Missouri Medicaid and Managed Care plans, private insurance, and self-pay based on a sliding scale.

*Central Ozarks Medical Center is a Federally Qualified Health Center that strives to deliver quality healthcare in our communities.*

*At COMC, we believe that everyone deserves access to high quality care.*
